KanvaCol Requirements Flow

Oct 23, 2026 · @talha

Flow

KanvaCol requirements flow · owner, contributor and AI review lanes

Every path ends at the gallery: the owner submits a canvas, selects a contributor's version, or picks an AI recommendation that replaces the gallery copy.

Steps and your original requirements

Step	Lane	Original requirement
Sign up and log in	All users	2, NFR 1 (multi-factor)
Create a canvas	Owner	7
Load, edit and save	Owner	1, 4, 5, 6, 11
Submit	Owner	5
Public gallery	Shared	3
Clone and edit	Contributor	8
Request owner review	Contributor	9
View the difference, select or reject	Owner	10
Request an AI review	AI review	12
LLM engine reviews	AI review	13
User picks one	AI review	14

NFR 2 (users can collaborate) runs across the whole flow rather than being one step.
